

Venezuela SUPPORT

Given
so far...

\$9,425

Venezuela Support

We've sent \$9,425 to support the recovery efforts in Venezuela.

Twin earthquakes destroyed many buildings in one of the most populated parts of Venezuela. Large tenant buildings and the airport of Caracas were devastated. More than 1,000 people are known dead in the area with as many as 50,000 or more missing. No power and no equipment to move massive building rubble is available in most of the area at this time.

Several members of the Caracas area Churches of Christ died and many, many more missing and probably killed. And many, many people seriously injured.

Those who would like to send financial help may send tax-deductible checks or cash. You may also give via our Online Giving site.

We are working in partnership with Northwest Church of Christ in Houston, TX.

Northwest Church of Christ will also send boxes of personal hygiene and medical supplies such as bandages, ointments, gauze, etc. They will NOT be able to include ANY LIQUID SUPPLIES. Those who prefer to send a box of goods may call Mary Vielma for help in doing that.
